**Remarks/Arguments** being on page 15 of this paper.

**Response to Restriction Requirement Under 35 U.S.C. 121**

In the restriction requirement dated June 30, 2008, Applicant is required to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable.

Applicant hereby elects the species of Figure 4-6. All of these figures together are appropriate as all elements of these figures are included in Figure 6. The only difference between Figure 6 and Figure 4, for example is the increased focal length. Claims 1-14 and 16-37 read on the elected species.

Applicant expressly reserves the right to file a divisional application directed to the non-elected claims of this application.
